

**Introducing
VNS Health.
The future of care.
The comfort of home.**

On May 18, 2022, all parts of the VNSNY organization including:

Home Care

Hospice

Partners in Care

Behavioral Health

CHOICE*

Care 360° Solutions (CMO)

Management Services Organization (MSO)

ESPRIT Medical Care

will become united as VNS Health.

One team with the same mission.

One great future together.

*CHOICE will transition to **Health Plans from VNS Health** in October to coincide with Annual Enrollment.

VNS Health builds on our legacy.

For more than 125 years, we have consistently met new challenges by creating accessible programs, services, and health plans for our patients, members, and clients. Together, we have applied our expertise, compassion, and commitment to provide and manage care for millions of people who want to live, age, and heal comfortably in their community, surrounded by their loved ones. Our new name, VNS Health, builds on our legacy and better represents our full range of services.

Why VNS Health? Because “VNS” honors our rich history and legacy, and “Health” unites us and is what drives us.

Why this change?

Throughout our history, we have led the way as a pioneer in home and community health care, following in the footsteps of our founder, Lillian Wald.

VNS Health unites us as one organization and one team with one mission. We will expand the reach of our mission to simplify the health care experience for millions of people in New York and beyond.

The future of care. The comfort of home.

Our tagline – **The future of care. The comfort of home.** – is our essential promise to the people and communities we serve. Through these words, we are able to communicate who we are and what we do. It is forward-thinking and it says that care in the comfort of one’s home and community is still our central focus.

Health brings us all together.

A passion to deliver exceptional care has always been in our DNA and at the heart of our organization. We’ve made it easier to understand the full spectrum of our products and services, and the values that drive us each and every day.

Our mission.

To improve the **health** and well-being of people through high-quality, cost-effective health care in the home and the community.

Our core values.

Empathy: We seek to understand others’ feelings and experiences in order to actively help.

Integrity: We do the right thing even when no one is looking.

Agility: We use experience and creativity to move quickly.
