

Home Health Aides Observe and Report Changes

All changes in the patient's condition must be reported to the supervisor immediately.

Home Health Aides are vital to providing quality patient care. **You are the eyes and ears** of the healthcare team. Report changes that happen during or outside normal service hours.

HHAs should detect and report changes in:

- Skin status
- Nutritional status
- Emotional status
- Physical well-being
- Respiratory status
- Ambulatory status
- Activity level
- Mental status
- Bowel and bladder function
- Family dynamics
- New or worsening pain
- Adherence to Plan of Care
- Falls that occur during and outside of service hours

**HHA Supervisor Number
(212) 609-4442**
